

Photography and Media Permission for St. Thomas the Apostle Episcopal School

In a typical school year, there are many activities that merit documentation and news coverage. I understand that the school frequently has the opportunity to promote the school and students through various forms of communications and media, which sometimes includes using students' photos and/or names (in the case of winning a competition, etc.) in publications. Such publications include, but are not limited to, the school newsletter, newspaper articles, the school yearbook, marketing brochures and advertisements, and the school and church websites.

Please, complete and return the form at the bottom of this page. If the form is not signed and returned within ten (10) school days after the issuance of this notice, it is assumed that St. Thomas the Apostle Episcopal School has permission to photograph and videotape your child for school publicity purposes, including websites.
