

St. Thomas Schedule Flex PreK Class

Mixed age preschool classrooms have been studied for decades, and the research suggests several benefits for *both* the younger and older students. For example, younger children learn more prosocial behaviors from observing and interacting with the older kids, while older students in turn learn valuable social skills like listening, patience, and adaptability.

Our flex schedule will allow your family to select the times that best suit your needs, while still giving your child a well-rounded preschool education that will prepare them socially, emotionally, and academically for kindergarten.

Read more about the benefits of a mixed age preschool class [here](#).
